Introduction: Because of the pandemic, individuals in your local association may have changed how they participate in community service activities. Usual in-person activities may have become virtual or cash donation events. Accordingly, we have adjusted the 2022 Community Service Individual Recognition Nomination Form and process. Please share ways in which an individual in your local began or continued volunteer service in the community. We'd like to recognize their efforts during these challenging times.

Remember that individuals who have won the MRSPA Outstanding Individual Community Service Award in the past cannot be renominated for the same project or activity.

Completed forms are due to the MRSPA Office by March 30, 2022 at mrspa@mrspa.org or via US Mail. Please allow extra time for delays if mailing.

Part I: Narrative

Directions: Please describe an activity (in 200 words or less) or series of activities (up to 500 words) that one of your members participated in that you believe deserves special recognition. Be sure to explain the "reinvention" of the activity/ies to accommodate the pandemic and social distancing or if the project/s were "born" of the pandemic. Please include the name of the activity or activities, modifications, how many other members participated, the number of hours per week or month donated and other explanatory details.

Part II: Photos

Directions: Please send a photo or two of the individual participating in the activity or activities described in Part I. Photos can be sent as pdf attachments to an emailed nomination form.

Please return this form to MRSPA at mrspa@mrspa.org by March 30, 2022.
